# Has your system been hacked?

How would you know? And what would you do?  
Do you know the latest legal requirements  
for your critical information?

## Information Security Considerations for the Financial Services Sector

**Date:** Thursday, October 2, 2003  
**Time:** 8:30 a.m.–noon (Registration begins at 8:00 a.m.)  
**Location:** Diamond Ballroom ~ Sheraton Hotel & Conference Center  
870 Williston Road ~ Burlington, Vermont  
**Cost:** FREE

In this short conference, you'll learn how to cost-effectively secure your business' critical information while keeping a budget, how to react to security incidents on your network, and some of the information security requirements that are shaping the industry in this state.

- ✓ **Intrusion Detection Systems:** How do they operate? How effective are they? Are they a good investment for your business? Cliff Riggs of Proteris Group will take us on a tour of the technology along with some considerations for implementation.
- ✓ **Incident Response:** OK, you've found an intruder in your network. What do you do? Gary Kessler of Vermont Information Technology Center (VITC)/Champlain College will outline the steps that should be taken to respond to various network intrusion incidents.
- ✓ **The Role of Law Enforcement:** When do you call the police? What steps can you take to prevent financial crimes and frauds from occurring in your institution? Rick Garey of the Essex Police Department will discuss working with law enforcement.
- ✓ **Relevant Legislation:** How do the Gramm-Leach-Bliley Act and the new Sarbanes Oxley legislation affect your information systems? What are their security implications? Matt Gibbs of Proteris Group describes the impact of this legislation and how to integrate the requirements of these laws as you move forward.
- ✓ **Open Q & A:** The conference will wrap up with a question and answer session with our guest panelists.

**TO REGISTER:** Please call VITC at (802) 865-6402 or e-mail [vitc@champlain.edu](mailto:vitc@champlain.edu)

Hosted by the Vermont Information Technology Center ([www.vtinfotech.org](http://www.vtinfotech.org))
